

"Unthinking respect for authority is the greatest enemy of truth"
Albert Einstein

Freethinkers

are those who are willing to use their minds without prejudice and without fearing to understand things that clash with their own customs, privileges, or beliefs. This state of mind is not common, but it is essential for right thinking; where it is absent, discussion is apt to become worse than useless.

Words To Live By

Art thou dejected?
Is thy mind o'ercast?
To chase thy gloom,
Go fix some weighty truth;
Chain down some passion; do some generous good;
Teach Ignorance to see, or Grief to smile;
Correct thy friend; befriend thy greatest foe;
Be just in all things; make amends
For follies past, and, with warm heart,
Forgive, and be forgiven. Let work not words
Thy virtue prove. Go act as well as prate,
And then thy counsels will be strong,
Thy reprimands avail. —ANON

THE province of the historian is to gather the threads of the past ere they elude forever his grasp and weave them into a harmonious web to which the art preservative may give immortality. Therefore he who would rescue from fast gathering oblivion the deeds of a community and send them on to futurity in an imperishable record should deliver a plain unvarnished tale.

Quality Over Quantity - No Hidden Agendas

A stated "Intention" says you are going to follow through into a motion.

"Following through" into a motion says there is a recognition in the change of your mind from intention thus brings a new action.

The Rules Here: [1] All are equal here. [2] If you are stuck at intention at any time to follow through into action and motion, Please restate that intention is not true. Do not waste the time of others in this space waiting and reading you...They must see, or recognize, your intentions are moving to action. Others may state you're not following through at anytime it is apparent. But for sure when you know there will never be an action from your stated intention(s), please leave at the time when either you know you do not belong here in this space or you're hidden agenda(s) are called out upon you. That is peaceful and respectful.

Do not argue one more cycle of waste time stated intentions. It may be silent to you, but it is not a peaceful way of being with others. Do not return here until you can be honest and free flowing with no hidden agendas. Thank you.
